

Beverly Jean Griffin

January 18, 1957 - April 14, 2020

On Tuesday, April 14, 2020, Beverly Griffin, loving mother of 4 children, passed away at the age of 63. Beverly was born on January 18, 1957 in Kansas City, Kansas.

Beverly had many interests and passions in life. She loved to draw pictures and paint images of things that inspired her creativity. She had music in her soul and loved to spend hours singing. She was skilled with her hands and made lots of beautiful things for others highlighting her knitting skills and ingenuity with arts and crafts. She found joy in playing many different games and she truly cherished her time playing them.

Beverly took pride in being a lifelong Kansas City resident. She proudly supported the Kansas City Chiefs and even attended both super bowl parades to show her devotion to the team. You could always count on her watching the chiefs game and loudly cheering for every hard-earned point.

Beverly was an inspiration to others around her. She had an inner strength that drove her to live life to the fullest and others were drawn to her. With her kind heart and love for helping others, every person she met would call her their friend. She freely gave to others in need and did so without hesitation. Her spirit has left an imprint on others hearts and she will be dearly missed.

Beverly is preceded in death by her mother, Shirley, her father, Edward, her brother, Steven, and her son, Dustin. She is survived by her three daughters, Christy, Ashley, and Lova, three sisters, Debbie, Leasha, and Julie, and her brother Doug. She is also survived by her four grandchildren, Andrew, Bradlee, Rosalee, and Kingslee.

Unfortunately, during this time, we are unable to hold traditional services to honor Beverly for all who loved her to gather together. Plans are being made to hold a celebration of life ceremony at a later time when all who wish to attend can do so.

“ Oh Beverly, I'm going to miss you. You were such a sweet..down to earth lady. I'm so glad our paths crossed and I got to know you and call you a friend. I'm so, so glad we got to talk one last time last week on the phone. You know that I loved you.

I got the pleasure of being Beverly's bus driver when her and her friends would go out on outings. Even though, her body was wearing down... Beverly was such a go-getter. What a lesson in life... Never stop living. The last time I talked with Beverly, she knew her time on Earth was coming to end. We talked about how she is getting to leave this chaotic world and go to a place where we are all looking forward to going. We knew we were going to see each other again someday. She said that she was going to watch over her girls and grandchildren.

Beverly, I'm going to miss you... you are one great lady. Save me a seat at that buffet table. I shall see you later, hun.

“ Bev was one of my best friends! I truly loved her spirit. One of our best times that we laughed about often was we were in our 40's in her front yard, talking about what we could do as a kid like doing the splits and cartwheels and ect.. All of a sudden she got this crazy look in her eye(now we were not at our best shapes than) and boom she started doing cartwheels , than of course I had too! Next day I was sore ,and I was back over there to see how she was doing ! Yea she was energized ! Ready to try the splits . She will always be my hero ! Love you Bev Forever bf's Becca
