

## Andrew "Andy" Jay Green

February 7, 1958 - July 1, 2019

Andrew (Andy) J. Green, 61, of Schaumburg, IL, formerly of Kansas City, KS passed away on July 1st at his home. He was preceded in death by his parents, Elbert (Jack) Ray Green and Jeneen Yvonne Mowrer-York. He is survived by his two Marine sons, John and Stephen Green, two devoted sisters, Yvonne Green-Deppler and Jackie Green-Snyder, loving mother-in-law, Sharon Metz-Sjoblom, three nieces, Nicole, Chelsea, and Amanda, and one nephew, Blake.

Andy was a beloved father, brother, uncle, and friend to many. Though sadly divorced after 37 years, he remained best friends with Marijane Sjoblom-Green until death. He was a consummate professional and proud employee of Universal Underwriters/Zurich Insurance for 31 years. Formerly, he was an award-winning manager at Musicland, a factory certified Harley-Davidson motorcycle mechanic, and service manager at several Kansas City motorcycle dealerships. He loved computers, software development, B-rated movies, UFC, working out, and had an exhaustive knowledge and affection for music. Andy was generous to a fault and best known for his unique humor, unreserved kindness, tireless work ethic, matchless intellect, patriotism, and support of U.S. veterans. He was a blessing to all who knew him and will be profoundly and inexpressibly missed.

"Those who are well have no need of a physician, but those who are sick. I have not come to call the righteous, but sinners to repentance." Jesus, Luke 5:31,32

"God commendeth his love toward us, in that, while we were yet sinners,  
Christ died for us." Romans 5:8

The family would appreciate donations be made to the USO "United Services

“ As kids, the fondest memories I have with my brother are when dad would pick us up on Fridays from after school care and we would go to the candy store and Blockbuster to rent scary movies. We would spend all night on squeezed onto the pull out sofa bed watching the most inept stories imaginable, but we nonetheless had great joy spending irreplaceable time with him.

*He was truly one of a kind and is painfully missed.*

“ I worked with Andy for many years at UU.He was an absolute genius at making our antiquated claim system give up its secrets. I recall especially his success in finding all the asbestos claims when we were up for sale one time.

“ After our divorce after 37 years of marriage, Andy remained a great friend to me, and generous, loving, and proud father to our 2 Marine veteran sons, John and Stephen Green. Rest in peace Andy, you are greatly missed and the whole family is crying tears of sorrow for you. The void we feel is immense. Never hearing your deep voice again brings me to tears. Enjoy your after life friend, and find Sage the Brindle Basenji up there to be your buddy.

Yes he had the most beautiful voice. Resonant , reassuring and comforting. I saw him with Sage last night <3

“ I will always remember the 'free' trip Andy and I took to New York - just Andy and me.  
I didn't know Andy very well, so I was apprehensive about taking a 3-day trip 'alone' with him, with absolutely no plans on what to do. But, Andy was very easy to get along with and the trip was a lot of fun. (We were afraid to take a cab - they didn't look safe, so we did a lot of walking.)

“ We were married 37 years before divorcing in 2016, but remained great friends, you could say best friends. The obituary says it all, Andy will be greatly missed, leaving a void in our family. RIP Andy, my buddy, my friend, we're crying for you because we all loved you so much, the pain of being so close. Drove by Maple Hill Funeral Home today just as the Blue Angel's flew over as part of an air show. Andy was flown in from Illinois and brought in to the cemetery around this time and it seemed as if the Blue Angles were escorting him home. We will miss your deep voice, your presence and sense of humor. We carry deep grief over your passing. Take care friend and we will remember the Serenity Prayer.

*Well that's no coincidence about the Blue Angels flying overhead. I think in his heart, Andy was a pilot. The need for speed in his blood was somewhat satisfied by motorcycles and muscle cars. But if he could've flown a jet, he would've. That's an undeniable synchronicity*
