“ *Artie was and always will be one of my best friends. I knew him for nearly fifty years. His passing has effected everyone who knew him in different ways. It has left an emptiness in our lives that will never be filled. He was an example of what a kid from Amourdale could accomplish when others thought we would never amount to anything. He was a true friend, a great father, husband, and brother. I will think of him often and all the good times me, him, Grube, and Mike Walker had growing-up and growing old together. I know he is in a better place but it doesn't make it any easier for those of us he has left behind. I will shed tears on occasions but I will smile a lot more when something reminds me of all the good times that we had together.*

Art always had a way of giving me crap. Sometimes I swear he would come into the store just to mess with me! I'm glad the Wyrick's introuduced me to him. He was always fun to laugh with. I will be thinking of you Celina.

“ *I remember being at Argentine High School with his sister, Nina. I wanted to drive his car, so he asked me, "Do you know how to drive?" I said, "Sure" and he let me drive. I ran his car into the side of the school building. He was very nice about it but I really felt bad. My prayers are with his family. Cherie Delaney Tyson*

i was artie's only sister and the pain in my heart is so intense i can't even put into words how i feel. i just know i had him as my brother for all his life and will see him again someday and we will rejoice together with our mom and dad and all our other loved ones.

nina m ashlock - December 11, 2011 at 07:11 PM

Nina, my prayers have been many to help you thru this and also everyone else. But, I am still dealing with my brother Bobbys passing and I feel how you do. I love you and your family and have known Artie my whole life. I always remeber playing basketball with him and the other guys at Central Methodist. They did NOT cut me any slack at all and they were all bigger than me. Artie told me it was so I wouldn't be afraid of those girls at the community house i played against. He was right! Those girls didn't scare me anymore. I will continue to pray for you and the family everytime I pray for me to have strength. Love you Nina. Helen Jo

“ *Artie is now, and ever shall be, my brother. I will love him and his memory until I draw my last breath, and possibly longer than that. We did not talk as often as I wish we had, but all the conversations ended with "love you brother". I had not seen him for nine years because of physical distance, but, between us, there was no emotional distance. He will forever be in my heart.*

“ *Art, was my father-in-law. I just can;t believe he is gone, but there is another angel looking down on us. I had the highest respect for the man and I loved him dearly like he was my own father. He will be missed dearly, and I love him very much. I am going to miss going to visit him and watch movies with him. I always laughed at him for giving me a hard time for not watching movies in black and white. Art, I love and miss you dearly.*
