*So many sweet memories of Bobbie. We met and became instant friends at Children's Mercy Hospital where we worked. We were always doing things together. We shared rides to work and talked and laughed the who way. We even lived in the same apt complex. She was so much fun. We talked alot, shopped until we dropped, had a weekly girls' night at my place with other friends and enjoyed a special friendship. Everyone loved Bobbie. She talked often of her family and of her love for them. She was a godly woman and the best kind of friend a person could have. I think of her often and smile. Wish I could turn back time and enjoy those days again. RIP, sweet friend.*

*Carson, It breaks my heart reading of your love for your Nina and missing her so. Me too. She talked about you alot and her love for you. Someday you will see her again. If she is able to look down, I know she is smiling at all the ways you make her proud and honor her memory. She was special and she thought you were too. June Pisciotta*
