“ So saddened to learn of Betty’s passing just 2 weeks ago. She was a great friend of my mom’s (Esther Robbins) for years. I remember Betty when I was just a little kid in the 60s. Our military life kept us away from Kansas City and Betty stepped in to take care of my mom’s needs until her death, one year shy of in 2020. She and Didrick were so very helpful and I’ll always remember them both.

“ I my thoughts and prayers are with you all. Betty Mae and I struck up a valued friendship while working together at UMB. I remember sitting with her as she trained me in operations and sharing fond stories. She always had her finger on the pulse of what was going on!
*Fly with the eagles my friend.
With caring thoughts,

Betty Mae was a friend to me at UMB when I came to work in 1978. She & Freddy became friends of me & my first husband. She was always there to lend a hand to all who needed help. We went to dinner from time to time & she & Freddy came over & we went to their house. She was also there for me when my 19 year old son died. She lived a ways from us & in time we lost touch. I went to the wedding when she married Didrick. And we all went out a couple times with my 2nd husband Mickey. I'm sorry she is gone...didn't know. I will always remember her as a true friend & she could make you laugh too❤️

“ So sorry to hear this news. My thoughts and love are with her family. Betty was one of my first mentors when I interned for my first summer at UMB. She would also become a very good friend. I still smile at my memories of sitting by her side as she told me repeated how to do things in operations that I kept messing up. She was wonderfully patient with me and also a good sport with a great sense of humor. Between Ruby Mae, whom I also adored, and Betty Mae, I could not have been in better company. Betty Mae, I will miss you, but I am grateful for our friendship and your mentorship to a young "whippersnapper" :-) just trying to figure out how things worked at the bank.

Sincerely,
Sandy Kemper

repeatedly (not repeated)... Betty Mae would be laughing at that mistake because she often said I was always going to fast :-)
