“ *Hopefully, the family has received my tributes. I sent two of them out, but do not see them on the message wall. We are now in the new year and not a day goes by that I do not think of Aunt Betty. Her resilience, humor, and like my brother said that special laugh that was so infectious. She was a kindred spirit for sure. She was my Dad's little sister and he also loved her very much. I am blessed that I was able to be reunited with her and the family at Nicole and Dale's wedding. We spent 10 days going all over Kansas seeking out relatives and their past and present homes . We enjoyed munching on the food that she ate as a young girl. What an adventure! I got to walk through her daily routine with dogs, horses, and spotting deer and wild turkeys. She even shared her favorite author with me. We crammed a lot of catching up in those short ten days, which I will always hold dear and close to my heart forever.*
