“ I only worked with Billy for 4 years, but he was like the grandfather I never had. He taught me a lot about hydraulics, and even more about life. My heart goes out to everyone who lost their father, grandfather, great grandfather, brother, uncle, or just plain one of the best friends a guy could have. Rest In Peace, Billy. One day I'll bum another pall mall orange off ya ☐.

“ I had Billy come to me in a dream. It is a gift I have. Firstly I would like to say he looked very well and had a great big smile. He was wearing overalls and I lovingly teased him about his clothing choice for eternity. The following are the messages he wanted to share to his family in my dream; “You made my life complete with your love. Especially my children, grandchildren and great grand children. I love you to the moon.” He also said he would tell his son to look out for his sisters but he knows they are so capable, strong, and smart. And, he will always be around. He can hear you when you talk to him. If you quiet your mind you may even hear him too. He loves you all very much, every single one of his family that includes Lolly and his many friends. “We will see each other again.”

“ *Where do I start, I was crazy about you when I a teenager. I got pregnant with Larissa and the man you are you took responsibility for the both of us like a man does, we got married in 1979, we had one special love, a love that will stay with me forever. We went on to have our beautiful Rachel, then a son Billy. We have so many special & great memories that I will always cherish. Who knew when I seen you Thursday that would be that last time I seen you. We had our hardships but I'm so glad that we were able to finally put all our anger and blame a side, and try to be the parents we needed to be for our children.you were a wonderful father, grandfather, & great grandfather, soon we'll have another great grandson to carry on the Vernon name, R.I.P. BILLY VERNON FLY HIGH. I only think of the best of our memories. I will never forget your smile & your laugh. This is not good bye, I'll see you on the other side we the god lord take me home. You were my first love I will carry that with me always. 😭💔💙💙💙💙💙*

“ *My best memories of Billy were growing up with him in Armordale. We were just kids but I can still remember as if it was just yesterday. Billy came to one of our family reunions a few years back, it was the Pope reunion and he said Patsy you haven't changed a bit. 😊 He also grew up with my husband Steve Pearson. We lost our son back in July of 2020 to a rare brain disease called CJD, short for Cruzfelze Jakob Disease which they are still doing research on because it's so rare, he was one of the first ones both times to donate to find a cure for this disease. Billy truly had a compassionate heart. I will always remember him for that. (Fly High My Friend Until We Meet Again)*

“ What can I say about my brother, Bill? I have loved him since the day Mom and D. I lve him still and will continue unto eterniyad brought him home from the hospital, almost thirty days after his premature birth. I will always love him unto eternity. H was clever with tools, and inherited our father's knack for fixing things. I will cherish the memories of our last time together in 2020, util we are once more together with our I Heroved ones now departed. He loved his children, grandchildren, and great grandchildren. He was quick with a joke, especially corny ones. Qiick to laugh at others corny ones too. he loved music. He loved all his family and for that i am grateful to be a part. Cheryl and I will miss his smile. See you later, my brother. I love you. Pookie

I was Billy's only sister and as a child, he was probably happy about that at the time but as we grew up we got a lot closer the love was always there. We had a very happy childhood and I wouldn't change it for the world except to have him back and all our loved ones that have passed. Billy was a hard worker and loved to fix things. When he was younger he took my clock apart and it ran backward and after that, I called him tinker. He was a loving father and grandfather family meant the world to him. his smile was one in a million words, I love you till the end of my life and will see you again little Brother

Billy Glenn was 10 years old when I was born. I am his youngest cousin on the Vernon side (Glenn's daughter). Although we never saw each other much growing up, when he did see me he always hugged me. As adults, leading our own busy lives, we hardly saw each other except at funerals (a sad way to see family)...but he was always there with a hug...but not tomorrow. I guess you never know when it will be your last hug. Thank you Billy Glenn, you always gave great hugs. much love,
