“ I was so sorry to hear about BW's passing. I worked with BW directly from 1984 until 1991. He was always a pleasure to work with and a person who could be counted on to do whatever was asked of him. I don't think he ever had a bad or "off" day. BW was a person I could talk to about any operational issues and always had great ideas that I could use and get credit for. I will always remember BW.

I am sorry I cannot be at the funeral. He will be in my prayers.
