“ We have lots of great memories of watching our nephew Brian grow up. Even as a toddler, Brian was a funny, outgoing kid who was always very happy. He grew up with these features and became a great, smart, wonderful and respectful adult. He was always teasing and joking with everyone he was around. He could always put a smile on your face.

Words can't express our feelings of losing him at such a young age. We will miss him along with so many others that loved and cared for this great kid.

Our prayers are with Kenny, Cheryl and Brian's entire family!

“ *Brian was my nephew; a caring, considerate, smart, compassionate person. He truly enjoyed talking to people and getting to know them. If you needed help, Brian was there. He had a huge heart. Only 24 years old, he was taken from us too soon, but we will see him again one day.*

“ A day never went by when his grandma didn't talk about this amazing sweet teddy bear. He was her buddy and was so adored. My heart aches for the pain that all are suffering now--cannot imagine the loss of a child/grandchild. Carol and Brian were so close, traveling the highway of life together, always with those unforgettable grins :)-- made you wonder what they were up to ! Brian loved to tease and was what seemed to be a "happy go lucky" kid! If he hurt, grandma hurt with him. This is a devastating loss for Cheryl, Kenny, Chuck and Carol. I pray time, the fond memories you all have and God's forever presence will sustain you all in the days ahead. So much love--Tom and Cindy

“ Cheryl and Kenny, My heartfelt condolences go out to you both. Brian was a GREAT guy! I always enjoyed visiting with him and hearing what smart comment would fly out of his mouth. He always found a way to make me smile or laugh. I'll always remember watching the royal wedding with you guys and listening to his commentary, what a riot. He truly will be missed but, he will live through the stories shared by his loving parents, family, and friends!

“ Remember when Brain first came to Platte City. Was smart snappy and a blast to talk to. Always liked talking about cars and motors. He kept me in the loop even 5 years after graduating. Brain cared to so much and asked for so little from his peers. He'll be missed, but never forgotten. Rest in peace bud. Well catch up soon enough.
