“ *Carol was always very welcoming and loving. She did an amazing job raising 4 boys and watching after many others. She had a wicked sense of humor. I was over with Jay one day not long after we started dating and she went full Carol with the jokes! I started laughing and told her that I now knew where Jay got his sense of humor. Carol presumed everyone knew that. The quick wit and sense of family will never be forgotten.*

“ My auntie was always interested to hear how I was doing when I would see her and would ask me how everything was. If I was having some sort of a problem, she would offer advice. She never treated me less than family even tho my mom is her half sister. She always showed me whole hearted love, as I did her.
