“ I met Chuck at the Sysco will call desk. He had a wonderful smile and twinkling eyes. I didn't see him that often but I do remember that he didn't even have to ask me my name or business name the second time I saw him. I was impressed because I knew he saw hundreds of people everyday. I can't recall if he saw me or I saw him at the ball diamond in Lenexa where his grandson and my nephew played their games but we always talked about those games after that. He was such a proud grandpa and I enjoyed hearing his stories about the grandkids. It's just not the same when I have a will call order to pick up, I miss his smiling face when I walk in the door. May peace be with you as your memories live forever in your hearts. With sympathy, Nancy Maloan

“ Mary and family, I know your hearts are breaking. But i know Chuckles is watching over all of us. Yes my pet name for him was "Chuckles". I was so happy to hear family stories. I felt like I watched his children and grand children grow up. He was always so proud of his family. I was so happy to finally meet you Mary at his retirement party at Sysco. God bless all of you at this time of sorrow.

Mary and family,

I worked with chuck at Sysco. I got to know him and loved his sense of humor.

The thing I'll always remember about Chuck is the time he invited Rosie and I to come and listen to him drum as a fill in for a band. I thought , " OH BOY" this ought to be great-- not knowing he had been drumming for years. When he started drumming I couldn't believe it-- very professional. My mouth dropped open.

When they took requests I thought I'd be smart and request "Wipeout, The drum solo. Chuck played it better than the original artist.

I liked the guy and will miss him.
