Charles Frank Pope, 80, of Kansas City, Kansas passed away December 1, 2020 at Advent Health of Shawnee Medical Center. There will be a graveside service at 11AM, at Maple Hill Cemetery on Saturday, December 12, 2020.

"The Lord is my Shepherd: I shall not want. He maketh me to lie down in green pastures: He leadeth me beside the still waters. He restoreth my soul; He leadeth me in the paths of righteousness for His name's sake.

Yea, though I walk through the valley of the shadow of death I will fear no evil for Thou art with me: Thy rod and Thy staff they comfort me. Thou preparest a table before me in the presence of mine enemies;

Thou anointest my head with oil; my cup runneth over. Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord for ever."

“ My love for my dad will never end. I know he never let anything slow him down, even when he probably wanted to give up at times❤️ He just kept trying to go.. He is the strongest man I've ever known. Is will his faith his love for all us kids his grandchildren🙏My dad was saved in that house received Christ where he lived the rest of his life in after our mother died .. I have so many memories it's where I grew up my whole life.. I remember our mother was sick with cancer and I know he tried so hard to help her fight that battle I don't remember what day it was of the week I remember it was a morning he took his Bible his radio that played tapes he went into mine and my sisters bedroom like he had done for so long to pray probably prayed for all of us especially our mother he hated to see her sick and suffer but all I can remember is we were sitting on the living room floor watching TV I'm sure our mom was in the kitchen and I heard the loudest roar that just got louder and louder my mom come from the kitchen and she started staring down the hall to the room he was in.. as a child I wasn't quite sure what I was hearing but I had been told about the Holy Ghost or the Holy Spirit I got up from the floor and I went to turn the door handle and I was scared I didn't know what was wrong with my dad my mom pulled my hand from the door said no you never disturb the Holy Ghost he come out of the bedroom after it seemed like forever me hearing what was going on behind that door and he literally was glowing beaming with light him and my mother grabbed each other and held onto each other so tightly crying and fell to their knees together and was praising and thanking Jesus and the Almighty it was one of their darkest moments her facing death and still having 4 young kids to still raise but in that moment they found so much joy and peace together if it was only just their last moments together I will be so grateful for the rest of my life to have seen that they got to experience that together he never stopped ever walking with God through his life it's what I believe was the one thing that got him through any hard times he faced together as a family or alone I will love you the rest of my life I will miss you the rest of my life but I know you're with God I know you're with mom your parents your siblings I know you're with so many that you've been without for so long and that's what gives me

*comfort and I hear you in my head telling me you'll be all right sissy  
I love you so much dad fly high be the angel you was always meant  
to be God bless you for always being here for us throughout

“ I’ll always remember Charlie’s kind eyes and easy smile! Our many front porch chats filling a covid summer with stories of our families. Sharing with me the love of his family and how proud he was of them! We had fun with my little adopted dog which he renamed, Louie. Rarely did we leave without a chicken leg or thigh in hand for Louie to eat later. And many times he’d stop by from KFC with a two piece meal for us. I know the Lord placed me here next to Charlie’s house for a reason. We became fast friends, maybe an unlikely pair but that’s what made our friendship even more special! I loved that sweet guy and will never forget him!
