“ So many memories come to mind, but I'll never forget the night you and Mama Linda invited me to join you, her, Pam, and Alan for dinner at the truck stop. That evening you were having a rough moment, and I jokingly threatened to pop one of the creamers open if you didn't smile. I kept pretending to pinch it, not really wanting it to burst—but then suddenly, POP! Creamer went flying everywhere, even landing on your face. I froze, then started laughing, and soon you were laughing too, followed by Pam, Alan, and Mom. It turned into one of those unforgettable nights filled with laughter that I will always cherish.

You will forever be remembered for the way you cared for your family—with dedication, hard work, and love. Your laughter, your jokes, and that ornery charm of yours left a lasting impression on everyone blessed to know you.

Rest easy, Charles—Dad. ❤️

“ Charlie was the kindest soul. His smile would brighten the whole world. I'll never forget his jokes and his sweet demeanor. So thankful to know he is resting in the hands of the Lord and one day we will see him again. Praying for all the family for their tragic loss.

“ Charles or Mr. Charlie as I called him was one person who I looked forward to seeing and talking to daily. He would always say “well hello young lady” he was a very nice man and was liked by so many of his co-workers. The team won’t be the same without him. His love for his family was well known and I will greatly miss our weekly discussions. Rest easy Mr. Charlie.

“ Mr. Charlie was a good friend of all of us he kept us going around here in the department. When he needed anything or needed someone to inspect an area that he cleaned he would put his mask on and come and get me to inspect. He loved his wife he always would share how many years he been married and what there next vacation was going to be. I told him to keep up the great work on being married for along time last time I spoke with him he told me to keep up the great work and keep it moving. Make sure I give KU what they needed to keep HK going. That is the good I remember and I know for sure he is up above looking down on all of us and my prayers goes out to the family he will always be our Charlie.

“ Charles would arrive in the break room every morning and make the first pot of coffee for the day then sit and watch videos on his phone. If Heaven has a break room I am sure he is up there brewing a pot . He always had a kind word or positive thought every time we spoke. He will be missed.
