“ *Christy, I think about you all the time. I think about all the times you opened your home up to anyone who needed a safe place. You were home to so many. I know your kids miss you. I miss you. For years, you were a bonus mom to me. You fed me dinner when I'd come home from college. We'd play card games around the dinner table all night. You made me 21 cupcakes for my 21st birthday. You were always so thoughtful. You always thought about others before you thought about yourself. You were selfless, full of heart, generous, loving.*

*I can't believe you're gone. I wish we could've had one more morning together, one more cup of coffee. You're so missed ❤️*

“ I remember when i first met her daughter Chloe at the skating rink. We are like sisters now. But Christy brought me a Barbie doll with a green dress, & I still remember it til this day. I remember not that long ago when I was brushing Christy’s hair out for her, we had some great conversations. I always brought her a 2 liter of coke & cup of ice. She loved me for that. I’ll never forget your kind spirit; or how you told me I had the most caring heart & how I do for others. You will be truly missed. I love you 💕💕
