“ I loved my mother-in-law for so many many reasons but at the top of the list was the way she loved my girls. Every time she saw them her face lit up and she quickly opened her arms for a hug. We could talk politics, tabloid gossip, and list our complaints all within 5 minutes. I will miss her dearly and our lives will never be the same. One thing is for sure.....we knew how much she loved us, because she told us all the time.

“ Since we both have bad legs, I loved how you taught me to chair dance at Johnny Cascone's when we listened to Mark and Tammy's band. Also, thank you for sharing your grandchildren with the sister-in-law that has none (and really wants some to love and spoil).

I will light a candle in her memory. I dont know anyone that had her strength while going through all the pain and suffering she did. I would be down in the dumps and she would make me laugh. My pain was no where close to hers and she was so cheerful and full of life. A percious person has been taken away from us but, she will never leave our hearts. Cora R.I.P. because you deserve it. God Bless you and your family, Melissa (Reffett) McFarland.
