“ Today is not a day I look forward to. I hate to think about it. Being there that day, hugging you, trying my best to comfort you. I don't miss that day one bit. I wld much rather think of all the days, and the years you were here and healthy. I want to remember what a great man/father/friend you were. So I will honor this day in celebration of your home going as I miss you terribly, yet am very thankful you're no longer suffering. I love you Daddy! Not a day goes by that I don't think about you!

“ Hey Daddy,
Lauryn Allena Dupuy will be here today (Im sure u already knew that lol). I remember when I had Kayla, you were the only family support I had and u walked up several flights of stairs to be there. I'll never forget that and will always appreciate it! I just know that u and Jays dad will be here for the birth of my second child. Glad I found a way to name her after you :). I love you so much! Thx for watching over us all! :-)

Your life was always about your kids. Thank you for teaching me how important it is to put ur children 1st and that Love is the greatest gift you can give your children! I thank God for putting you in my life so that I can experience such unconditional love from my father! I love you, Daddy! Its really weird, I miss you more now than I did 2 yrs ago when you went home to our Father! Guess u just were the much of a part of my life... :""(

“ Well, I'm giving my next daughter your middle name, but with a twist. We're going to name her Lauryn Allena. I know U'd like that. Daddy, I have been missing u so bad! I don't know why after all of this time, I still get ready to grab the phone n call you. I wanted to do that when I found out I was pregnant. I know God is very happy with you tho, Daddy. You inspired me do much and taught me do many great things about life, about living, love, parenting, and of course you were a big influence in teaching me about living for God. I love you! I miss you everyday. And about that dream I had, just know that I hide from thinking about you too much because the pain is too much. I can never say it enough, I love you I Love you I LOVE YOU!!!

You're always in my heart and on my mind, Dave. I just miss you so much. I can't hardly wait to see you again. I love you, Dave. Did Lilly make it there or did she go straight to Doggie Heaven? I know it's selfish of me, but I have so much sadness in my heart, but God will get me through it. See you soon.

I got to see you last night, smiling and laughing; joking around. It was so nice. I'm glad I got what few recorded memories of you that I have, cause it was SO nice to see and hear you again and to feel like you were right there. I love you so incredible much!!! <3<3>3*

Daddy I just miss you so much. It is so hard to be on this page talking to you. I miss everything about you. I miss your "good morning" texts, your "goodnight I love you" texts. I miss all your jokes. It's still so hard to believe that you're gone. One funny thing that I remember is that every time I would run out of gas I would call you & you would be right there for me no mater what time a day it was. 1 time I will never forget... It was a snowy day & I ran out of gas on the side of metcalf, & the side my gas tank on there was a hill. You went to put the gas in my car with a gas can & you slid right down that hill. Me & you stood there & laughed for so long. I will never forget that day. No words can describe the hurt & pain I feel everyday from the loss of you. I will light a candle in memory of you today. I love you & miss you more than anything daddy. <3<3<3

“Daddy,
I could really use some of your love and advice right now! You always had a way of making me feel better about my rough situations; I think maybe knowing that I had you there to love me and be there for me was the biggest help. You were always honest, even if the honesty wasn't what I wanted to hear! I miss that as well! I know just as well as you that Our heavenly Father is there for me, though. And what better support to have than his? I love you so much, and can't wait to see you again! I remember when you used to talk to me as well about ur "hurts". Well, I'm glad you aren't in this hutful, hateful world anymore! I LOVE YOU MORE THAN WORDS CAN EVER EXPRESS!!! THX FOR EVERYTHING! I realize you aren't here, but typing on this wall somehow makes me feel like I'm typing to you. You're getting the msgs! I just know it!

“Dave, I'm happy you are out of pain and suffering, I'm glad you're having the best retirement ever, but I miss you so much. The phone rings and I'm happy thinking "that's Dave". Well, it wasn't you. Then all day it doesn't ring and I wonder why you didn't call so I pick up the phone to call you and get Nicholas. Then reality sets in as I try to hold back the selfish tears long enough to talk to him. I thank God every day for welcoming you into Heaven and ending your suffering. I love you and you'll always be in me heart.

Man Daddy, I REALLY wanted to call you last night! I was missing you like crazy! Just as I was accepting the fact that ur gone, I was hit with this overwhelming sense of sadness! My tears were selfish tears, I know! I just miss you. But I do realize that you deserve to have ur time with our Heavenly Father. We will all see you again... You just beat us all there is all! I love you Soooo Much!

“ I really wish I could call you! I wish I could hear ur voice or see ur face. I wish you were still callin me with those, "got somethin funny I wanna tell ya", calls. I wish I still had you as my BFF who could still help me get through my rough patches in life. But most of all, My Main wish is that you no longer have to suffer physically, or emotionally. I am so glad that you finally get to rest after all of ur years of hard work. While I will miss you everyday, it's okay cause I know ur in good hands; the hands of our Heavenly Father. I can't express enough, my love for you! Thanks for all the many things that you've done for me as a father, a friend, a counselor, a banker (-:), etc. I look forward to the day we will meet again. I love you, Daddy!

Love,
Always and Forever,
