“ Good morning Mi amor, I miss you so much Mijo, every year this day comes around, and it's not just this day it's this month. The hope will never go away, to see your face, to hear your voice, to be able to hold you and hug you tight. Mijo my heart tears in tiny pieces every time we go to a celebration and someone does something that all agree DJ's here. But it's not the same because you're not here. I want to hear your laughter call you even if we're in the same house because that's what everyone does. FaceTime you and see your handsome face. See you with your children Yani so big now and Renzo tall and very thin. But smart both are you are watching and caring for them from above because that's the way you were here with us, a very caring father. Mijo you see what's happening around us, we've come to be what a family is suppose to be UNITED!!!! Michelle has been blessed with a talent that has her very busy, and Now Araceli has returned as GM for her store again and Jessica still be the best she can be with 2 great daughters Chelsea reaching for the stars and Senia working., Nicky married also has a talent of her own and it's been good for her, making edibles go figure, but she's good. And me as you see 😞 waiting with patience for this storm to calm. God as you personally know is an ON TIME GOD!!!! So I know all will be well. DJ, Mijo there's not a single moment of everyday that you cross my Mind and tugg my heart you know that I will never be complete until I am with you. You are an empty void in many's life that no one or nothing can fill. Give me some minimal sign for me to know that you're here by me. And when you find yourself in spirit surrounding us whisper in our ears just a simple I love you. Especially to your nieces and nephews that only they and God knows their real feelings and what they keep bottled up. Because we've seen how your presence was needed throughout many occasions, pageants-wrestling -graduations-soccer games. So many things we all knew you were needed for that extra reassurance. Wish I had you next to me, so I could continue just talking to you. But life calls and your grandpas awake. Miss you so damn much ,my precious baby and Mommy loves you even

more.Rejoice my son and give a super big hug and kiss to your grandma Maria tell her I love her.

“ *Mijo just with your sisters Laura and Araceli also your niece Yesenia, Maya and JoJo I'm sure you have seen them from up above and JoJo is a terrorist a little worse than you.lol.Mijo it's hard for me to be happy and succeed in life since you didn't have the chance to do all you ever wanted too.It just don't feel right.So sorry for being absent as a mother in Your life.There's so many things I'm doing differently in my life now that I do wished I had the wisdom to do when you were still here.Mijo God has forgiven me for all my wrongs, I just don't ever think I will be complete until I can ask you mijo for your forgiveness.I miss you so very much and love you even more.This day will one day just be another day but for now it's a day that stirs up my pain and heartache.And a longing that no one can replace.Until Mommy has you in my arms I will patiently wait.Besos*
