“ My dear sweet sister! I keep seeing your smile every time I think of you. I hear your special laugh and it makes me smile stopping the tears that want to flow. Even though we lived our separate lives and lost touch our bond was much greater and I always thought of you. I looked up to you so much. Thank you for all you did for me when I was young. You had a huge impression on my life. You always had a love for people and your door was always open. You had compassion. You fought well. You won the fight and I am so proud of you. May you enjoy your reward in heaven as your mission is now complete! I love you big SIS always and forever you WILL be remembered and loved. I am sure dad is joking with you.
