“ I remember when Donna became the Office Manager of the KCK store. I was so happy for her. When we would be at the same seminar or meeting I always found her just to talk and catch up. I knew her hubby was not doing well sometimes and would ask how he was doing. I remember one time she had broken a bone in her foot and had to wear one of those special shoes. I told her that she shouldn't kick her hubby so hard. I got a smile out of her and a little laugh.

I didn't get to talk to her much, except for meetings or seminars, but I considered her one of my very good friends. Without knowing it herself, she became part of my family.

Donna will forever be in our hearts. She was a great woman, teacher, mother and friend. She was someone that I could always go to when I had a question at work. I will miss that and the family that we had at the office. It is not the same at work and she is greatly missed by many. I always enjoyed listening to her stories of her family and her life in the Military. When my Uncle married her daughter she became my family as well. I will miss her. To Mike, Jolene, Jennifer and David, you are all in my thoughts and prayers. Love You all.

“ My sister Donna, always a smile, a voice songbirds would envy, a heart full of unconditional love, and a unique knowing that no matter what, everything would always be in gods hands. One full of strength and commitment, a wife, mother, and sister. When we were young I remember walking to church in a blizzard, you in the middle holding hands with Annie on one side and me on the other. Joe sang in the choir, Bob was in Vietnam, mom held Randy and Dave. I remember your smile and the dress you wore that cold dark night. Your torch will always burn high in my heart, your love will always be a treasure I carry. I love you sis. Jim, thank you for standing with Donna and following through in your commitment to god in marriage, you are a strong man with great courage. David, Jolene, and Jennifer, your mother will always be there in your hearts, your dad needs you more than ever, be grateful for the time we've all had with your mom, have strength and courage, for love is all we humans really have. Uncle Doug

“ The first time I remember meeting Donna was when we had to "audition" to become Tax School teachers. I remember her talking about her time in the military and how much she loved it and learned from it. Since that time we became friends. I miss her so much already. I cannot imagine my life without her in it. Traci Stroud

“ Donna my big sis as she would say, you couldn't ask for a more loving, caring, giving woman. She always put her family and friends first. We had wonderful adventurous times together like the time we took a plane ride and I sat on her lap when the pilot did stolls over the ocean. As we grew older we grew closer and she would visit my home in the mountains and sit on the porch for hours just to enjoy the peace and she would get so excited to see the wildlife. She and I were the only two girls in a house of boys so we learned early that we could do everything they could and when she went in the service she became the first woman fueler even at her 97 lbs., I will miss you sis but we will meet again in Gods kingdom along with the rest of the family . Fly my angel sis ,soar with the angels you'll always be with me in my heart and spirit, my love for you will never end but held tight within my heart. I love you Sis I love you ,
