“ *I knew Eileen from her brother Steve, she was always very nice to me. She was someone who made things better when you had a problem, one time she offered me some advise that helped me so much. Sometimes it's the smallest thing that they do that you remember about someone but for some that's all it takes for them to be a very special person in your life. My thought and prayers go out to the Family and Friends.*

“ *George and family, I am so sorry for your loss. Eileen was a dear friend of mine in high school and for some years after, until we lost touch over the years. I am so glad I ran into you and her at price chopper about a year ago. But sorry I didnt make it over to visit her after that time. You have lost a beautiful angle, but God has one of the most precious angels now. Let me know if I can do anything for you to comfort you in this time of sorrow.*

“ *There are too many memories I have with Eileen & George in them, growing up as a child I always thought they were my Aunt and Uncle; even though she was my mother's cousin. They were too close to be "just cousins" Her passing is too hard to comprehend, it is a pain that makes your heart ache. She loved helping others and caring for others, she did not believe in saying no or doing a job that was not perfect. Her love for family and her pride that she had in hers will never be replaced. Nothing will take her away from those that she loved. George-Scott-Suzanne- I love you*
