These memories are wonderful. My favorite memory was taking him and Bryan to their first Garth Brooks concert. Gene was an exceptional man. We all loved him. RIP Brother

“ There is so much to be said about Gene...
A lot of great memories of him when he and Bryan.I am we're close friends in their middle school time. He called me mom.Brian loves Jean's mother very much and he called her mom.So we were kind of tight but he is a wonderful man.A great husband and a wonderful grandfather.He loved the grand kids so much. If you needed something Jean was always there to help out. He was so caring about other people.
When my son, Brian was failing in his health and was getting prepared to pass away Jean and brandy.And his mother dropped everything and came down to florida to see him. Brian was so happy to see his best friend.And it was so touching to have them at our home with bryan. He will be in our thoughts all the time.And prayers for the family and for brandy.I know it's going to be rough.I went through it losing my son but there's no comparison. Grief is hard for anyone and any member of the family or friend. He will be Missed greatly I love you Gene !
