“ *Glenda was one of my dearest childhood friends. We had alot of fun times on the block where we grew up together. She grew into beautiful, kind, smart, funny, determined, strong woman. I always looked up to her. I will cherish our childhood memories forever. Please accept my condolences. My prayers will be with her family.*

“ The Lord took my Mom, but her spirit and essence will always be with me. She was always the rock in my life even when she had to be hard on me. She loved my sister and I, which made us truly blessed. Very protective of us. She always making goals and achievements throughout her life. In 1999, I moved back home from Florida, and she was attending Maple Woods Community College at night. I enrolled in college there as well, and we ended up having a class together. Fundamentals of Speech/English 101. She showed me to always strive for better. I have several stories of my Mom. When I was 6mos old or so, I got very sick with pneumonia, had quit breathing the moment she got me to the hospital. She stayed by my side every minute as I fought for my life, but her love fighting to get me medical help saved my life. She even held vigil with me over the birth of my son as he was struggling in birth with his umbilical cord around his neck. The most important thing to her was Family. I love you, Mom!!!

“ To the Kendrick family. I am so sorry for the loss of Glenda. She was a friend to me. I cannot express how sorry I am and nothing I can say or do can take away the pain you are experiencing. My love to all of you. You have lost 2 family members in one week and that could take it's toll on all of you. Prayers for comfort and peace....love you all!
