“ *My family lived next door to Gordon and Jackie for 20 years. We visited almost every day. We would get together for card games and conversations. They were very loved by my two daughters, Vicky and Laurie. The Overtons were more like their grandparents than neighbors. When the girls were teenagers, they could never get by with anything as they were under a close eye from Gordon.*

We moved away many years ago, but Gordon and Jackie came up often in wonderful memories.

Gordon was always willing to help and give advice. You never had to wonder what he was thinking, he was genuine and straight forward.

All of us were lucky to have Gordon in our lives. Rest In peace Gordon.

“ I don't know where to start with this guy. I'm grateful he's at peace and no longer in pain but to say he was like my step dad is an understatement. He was born 2 days before my own Dad but they were best of friends as far back as I can recall and Gordon's parents were great friends with my Grandparents so I saw him weekly pretty much my whole life until I got married and talked to him and Jackie weekly sometimes more for the last 25 years His nickname for me was "Dimples" as a kid because he could always make me smile and "kiddo" as I got older. I won't ever forget his bear hugs

After my Dad passed he stepped up when most of my family went their own way and he truly became my second Dad. Always took his words to heart, loved his opinions and just comforting to hear his voice

I knew one day he would no longer be here and I would be broken hearted and I am but again grateful he's no longer in pain.

I know he will miss his family but reunited with family that left before him.

We will forever miss and love you Gordon! RIP..... you're work on earth is done
