“ Our prayers are with you. It has been a long time since our High School days, memories remain throughout our lives. May he sit at the heavenly palace with our Lord Jesus Christ.

“ Greg was my high school swim coach at Sumner Academy. I think it was one of his first coaching jobs. Anyway, he helped me get my first coaching job and here I am still coaching many years later!! I always respected him a great deal and he had a major impact on my life as well as many young swimmers!! He will be greatly missed.

“ Greg was an inspiration to his fellow teachers and coaches for his indefatigable spirit and his faith in young people. His memory and legacy will live on in many of us who were fortunate enough to call him colleague and friend. Prayers for comfort and peace to his family.

“ I taught with Greg at Blue Valley North when it first opened. I always found Greg inspirational even though I never coached with him. He taught me about "visualization" for sports events and I used them often when I coached. He was so instrumental in all of the success in swimming and football that the BV schools have had over the years and I and the BV community will miss him. He always remembered my name and said "Hi" over the years even though I went to BVNW later on. I am so saddened by his passing but want you to know what an impact he had on all of us.

“ I interviewed coach House several years ago for a few newspaper sports stories. He was always helpful, and engaging, and always had a good quote. I could tell that his swimmers enjoyed being a part of his teams. John Rodriguez, Shawnee, KS.

“ *So sorry about your loss. I went to school with Greg and even elementary school, I remember distinctly a day that we went to Franklin Elementary with Herb Marble and I climbed up on the Girls Bathroom roof and couldn't get down, Greg & Herb talked me down, I was scared to death!! He was such a great guy. I hope memories will carry you through these tough times.*

“ *Being new to Kansas High School swim Coaching at Aquinas High three years ago, I have great respect for Coach House' strong silent leadership. His swimmers, girls and boys, were well prepared and ready to win. He freely shared his coaching strategies and what he proved worked. His actions did his talking, as they say, but to the benefit of, and through, his student athletes. His demonstration of humble but strong leadership will inspire me for years to come. God bless him and his family.*

“ Jeff,

Please accept my condolences on the loss of your brother. I enjoyed reading of his coaching career in the Sports section. We need more teachers like him.
