“ *Uncle Dootlebug, man o man what can you say about one of my favorite people in the world. who just happen to be my uncle for the 53 years of my life. He actually took my mom to K.U. Medical Center on May 2, 1960 so i could be born. In my life he is one of the few things that never really changed and i always knew when i got to Turner Kansas uncle dootle bug would be there in that same house with the same phone number that he had since i believe 1958 he told me one time. I tried to call him almost every year on my birthday. and without missing a beat the first thing out of his mouth would be " Well hell i was wondering if you were going to call me today?" and before we would end the phone call i would say " I love you uncle dootle bug " and without hesitation he would reply "you know i love you tony to death " (with a couple of cuss words mixed in as allways} that was him ,he talked the same way no matter who was around.and one of the roughest talking and could be the most sensitive guys who would cry when anyone he knew died and sometimes even if he didnt know them, then he would head top the golf course and precede to drink like there was no tomorrow , i love you Uncle Dootle Bug your Nephew Tony Smith*

“Went to work in Local 955 when Harry was a Business Agent. I was very young and he, being "Harry", scared the wits out of me, and then just smiled and walked on. I came to appreciate his "crustiness" and love him for it. He was a good Union man and will be missed. -- Nancy Yoke
