“ My deep condolences to the family and to all the people in the world. Herman Wallace is a Hero, a Man who touched me so much. I live in Germany and i kept listening to his words, his dream. I admire him for his sophistication, his intelligence, his beauty, his kindness, his strength, he did not break, he is holy. They wanted to break him because HE WAS , and He became a bigger person...Thank you for the inspiration Mr Wallace,
All my respect Sir,
The world will remember you as a Noble Man, and i will never forget what you fought for.
Respect,
Rest in peace,

Khadda M.

“ I don't necessarily have a favorite memory of grandpa but there is not a moment that goes by when I don't see something that reminds me of him. I see a family fishing at the lake and it reminds me of grandpa taking me fishing when I was younger. I see a squirrel climbing a tree and I think about how he always fed the squirrels at his house. I think I vouch for everyone when I say we will never look at a tomato without thinking about him. I remember how he always said "I cutback on the tomato plants this year, i only planted 75." and believe you me that was cutting back for him. We all love and miss you very much grandpa. Rest in piece. - love always Annie
