“ My favorite memory or i have to say one of my favorite memories of my love . Would be spa nite at jacks . She would call me and say i want to schedule you for a special spa nite at my boutique here in Kansas city ks . I would be like a kid in a candy store she had it all. From lip to hand to body to facial treatments . She always made me smile even when i felt so low. OK one more before i go and this one is about i little argument we had which ended in a driveway of someone who didn't know us from adam. We were in her car and she was driving we were out of our minds i kept telling her to watch out so she says OK and pulls into this person driveway and says you drive then i said no you. We were out of the car yelling and people where just watching us then we realized everyone was watching . So we jumped back in and started laughing our butts off. It was so hard to stay mad at her . She helped me so much thru all my down moments . We shared things about our boys we both had only one. We laughed about them and we cried together about them. But we both where very proud . I have so many memories of her love and kindness not only to me but to so many people . There will never be another that will touch me the way she did. My heart is broke but i know she is in a place where no one can hurt her . She is happy and free from all the ugliness . I just hope those of us who got to love and be loved by her know that she is alright and is waiting for us. And i for one cant wait to see her and hug her again. I love you and i know that you will be watching me.

Love always !

My prayers are with your family and friends.
