“ Tough to say goodbye my friend. It was a pleasure working with you. Your creativity, hard work, and energy leave some awfully big shoes to fill. Thanks for everything you did for the business, our customers, and the team. You put in and created a lot; things which will impact us for years to come. Even more than that, thank you for being a hell of a lot of fun to be around. You made your mark James. You most certainly did.

“ Hey Sir,
(that's what I'd call you when you called here
at work) we are all missing you ! You were a
pain in the butt and a blast to work with! I'll
remember you giving me a hard time about
eating box meals, lol! Cooking chili for everyone at work. Heck I still
have some of the dry rub you gave me! You bringing your horse, I
mean dog into work and it taking a leak on one of the fake tree's 🐾
Having to remind you of your appointments and you texting me
back, saying " thanks Mom, lol" You'll be missed for sure around
here man ~Trish

“ *My brother flying that Ducati high in the sky. You are as genuine as they come! No fear or filter you are as true as to this world as all should be. For everyone that truly knows you, we know the battles you have won. You have forever placed your mark in my life that will never be forgotten. May you look down and still try to shock. Love you brother till we meet and raise that hell to freeze again. Save a seat and just know Trump2020 will be here again.*
