John is survived by his parents William and Violeta Dobson, brother James Dobson, numerous friends and more so, the countless Camp Kids that touched John's life. “ John was not just a friend; he was truly family. He was there for me from the time I was 8 until I turned 26, when he sadly passed away. There was no one else I wanted by my side on my special day, sharing in the joy of my marriage. John held a significant place in my life, and I cherish every moment we had together. He was the first person to affectionately call me "brat," a nickname that stayed with me even on my wedding day. I love you, Uncle John, and you will be deeply missed.

“ I first met John in junior high. We shared lots of laughs during algebra ... those inside jokes continued every time we saw one another in the decades that followed. I've adored John ever since then. I am heartbroken by his passing. Sending my deepest condolences to John's family and loved ones. He was a bright light and we are all better off for being in his orbit.

“ John was a few years younger than me, but he was good friends w my next door neighbor so that's how I met him in grade school. Years later by some random good fortune, I had the chance to reconnect w him as adults. We played on the same billiards team for several years. John was always the friendliest guy in the room and the first guy to offer you a helping hand or words of encouragement. Miss you brother.

“ *My condolences to Mr. And Mrs. Dobson, James and his extended family. Thank you for sharing John with us. He was an amazing guy. As a long time friend John exhibited all the attributes you would want in a friend. We volunteered at Camp Hope and Sib together and John was one of the first people I met at Camp Hope as a 9 year old and did everything he could to make me smile. He was loved and will continue to be loved.*
