“ *Condolences to Johns family living by him and his family for many years i know that he was a caring person and he will be missed by many people. I never had any worries when my daughter was at his house with his girls because he took care of her like she was one of his own. He would bake treats at Christmas and pass them out to neighbors. John was a man with a kind heart and will be missed by many people. My heart goes out to his family while they pass through the grieving process.*

“ I send my condolences to the family as I have known the family and John for a long time. I lived next door to the Wolfe's all of my childhood and was best friends with the girls. I remember spending lots of time over there and spending the nights. I have lots of fond memories at their house. John always made the best breakfasts for us when we woke up. He was like a second dad. I haven't scene him for a few years but was always a great man and I will miss him dearly. My heart goes out to my second family.
