“ When Johnny and I grew up my most vivid memories were at grandma and grandpa's the list of things I remember most were: Playing the 50 foot woman. She always liked to be the 50 foot woman. I still remember her laughter she always was cracking up. Getting caught at Coon Creek where went to swim and had to out run the water mocassins. Then getting our behinds whipped for going without permission.
Drinking Fizzies and Tang.
Getting Cotton Candy at the Fair.
In the summer we would go to Wellsville to the truck stop grandma and grandpa owned.
If we were good we would get to sit at the counter and eat and we loved to sit and spin around and around and we would giggle as we would get dizzy.
She was the sister I never
I remember staying up all night riding motorcycles or playing pool.
Then we have to run to Hayes and buy bags of burgers 'cause we were all starving.
I will miss you Johnny but I will always hold dear to me the memories we made together.
I am sorry I couldn't make it to the service today. But know that I am always thinking of you and you'll always be in my heart. I Love You.....!

“ I have so many wonderful memories of Johnita - I met her when I was 15 she was my best friend for many years , in fact she was the only best friend I ever had- I missed her so much when I moved to Texas , she had been such a big part of my life during some of the best times of my life we talked on the phone for hours , most days, saw each other all the time, partied together, shopped together , and of course played a lot of bingo together, she loved her bingo during that time in her life. I laugh about how every Saturday we would have to go shop for a new shirt and earrings to wear that night when we were all going out, how we used to constantly be changing our furniture around and redoing something in our houses. If one of us did something different we both did. I remember riding on motorcycles all night long until the sun came up . Those were the good ole days. There are so many things I can remember and it just seems like yesterday yet it seems like it was a lifetime ago. I used to laugh at her and joke about getting up and cooking a big ole dinner early in the day , asking her how she could just get out of bed and cook and eat all that food. Johnita could do anything! Even though I have been away all these years I have thought about her often , she really was the only real friend I ever had, just wish I could see her one more time. So funny how fast life goes by, how we get caught up in all the trivial things and never really see what's truly important. Johnita you were a wonderful person in every way and were truly loved!

I met Johni when she became cafeteria manager at Gracemor. She was so pleasant in how she dealt with families, staff and children. She always a positive person and I enjoyed her so much. I loved hearing her talk about her husband and children. It was so obvious how much she loved them. The Gracemor staff sends you love and thanks for letting her be part of our lives.
