“ Jordan was always the person to talk to when you were having a bad day or if you just needed someone to talk to. he was kind, generous, and his smile could light up a whole room. He was always the person I could talk to at any time of the day. he helped me through a lot and he was there when I needed him the most. not a moment goes by where I didn't think about him and want him to know that he is loved by everyone.

“ Baby brother I still remember this day like it was yesterday. You are loved and missed so much. My heart breaks everyday knowing I can't hear your voice. Knowing your birthday is a day before mine, I don't think I'll ever be able to think of my birthday the day. You will always be my little big brother.

“ I had the great honor of having Jordan in my 6th grade english class at CMS. He always loved that I called him "Castro" and would give me a look if I slipped up and called him by his first name from time to time. Castro was the kind of student that every teacher loved to have in class. He was comfortable around adults and older students, and would always get our humor. In fact, he was always cracking a joke to his tablemates or out loud to the whole class. His jokes were never hurtful or out of line. They were the kind that were always welcomed because they brought a much needed moment of laughter. He was always so helpful, not just to me, but his classmates as well. Castro was not only very liked his teachers and coaches, but his peers as well. His smile, always made you smile. So many that love and cherish him and going to miss him greatly. Take care bud, and we'll see you later... <3
