“ Abulita cared deeply for her family and friends. She was always the first to offer help to others giving her last dollar because this is who she was. She always ensured that every person who crossed her path felt her love and sincerity. She made everyone feel like they were her favorite. Her love is one of a kind and will be greatly missed.

“ My mom was a fighter till the end. She always loved everybody! She always loved us all the same. I don't know how we will exist in this world without her. All I know is that she believed in a God that has our best interest in mind. She would always say everything happens for a reason! Today, as I try to get through the grief and understand the pain I feel all I can say. Is, I will miss you mommy! Nothing will ever be the same without you! But I hope you're at peace, I hope and pray you are with grandma and Minio and Sergio. I hope they are walking you through heaven. I hope and pray that we all be together one day again. But until then I will hold onto all these memories with you. I love you, mommy with lots of kisses and hugs your daughter Jenne💔😭
