“ June. I can't believe you left this earth. I love you. We go way back and I will cherish every memory we made. When I first met you and you had Gary and I over for tacos and you had peas in them! You're the first and only one I have ever known to do that. They were delishes. We had some good and funny times. How about when we lived next door to each other on Splitlog..it was awesome. I missed out on you and Shirley taking me to the 7th Street Casino and teach me how to play the slots..well you still can when I see you again..until then rest in paradise my friend.
