“ Jake, Brooke, Brady - I have no words to express how i am feeling right now, so I can not even imagine the pain you all are going through. I am so sorry for your loss. Jake this is especially for you if you need anything at all or just need a place to sit and do nothing for a bit you are still welcome here just as always - just know that you are not now nor have you ever been alone - you are surrounded by people that love you all you need to do is look around we are all right here where we have always been. Your mom will be missed by many for a lot of reason but I always loved her smile and her laugh that is probably what I will miss the most.

Love and prayers for all

“ Kimmie you will live in our hearts forever. I still just cannot process that you are gone. I have so many fond memories of you. I only got to be around you such a short time, but you truly touched my heart and became a member of our family. While I am devastated that you are gone from this earthly realm, I am elated to know that you will be happy, whole, healthy and at peace for the first time in a very long time. Hold tightly to Danny and watch over the remaining of us that are left behind. We will be missing you desperately.

Jake, Brooke, Sharon and Brady....words cannot express how sorry I am for your loss. Know that we are thinking of you and praying for you in this time of sorrow. Hold close to one another. We love you all.

“ 30 years ago I met my dearest friend, Kim LaFon, the kind of friend that most are never blessed with in their lifetime, a connection that will never be again.

*Wow! The memories. They go on forever...first concert "Loverboy" and many more near and far. Getting through Danny's "colic", putting the kids in the car and going for drives because we had nothing to do and no money, making Dave babysit, garage sales, linedancing, Christmas' together, canoe trips, Vegas, camping, the Halloween parties and on and on...*

*My heart is broken, there will be a void in my life forever. As for you my dear friend, I hope you are pain free, holding Danny in your arms and your broken heart is now mended. I hope you are at peace, true peace, something I know that you have not experienced in a very very long time.*

*I love you!*
