

## Lisa Jeannine Jones

January 7, 1971 - January 31, 2026

Lisa Jeannine Jones, 55, of Kansas City, Missouri passed away on January 31, 2026 at her home surrounded by family. She was born to Lynn Richards and Claudine Richards in January 1971. She leaves behind her loving husband Luke, mother Claudine, brother Brent, and her Italian greyhounds Enzo, Boccacio, and Traviatta. She was a brilliant person in every way; smart, beautiful, driven, humble, and loving. Professionally, Lisa was a multimedia developer, creating eLearning courses for adult learners. She was a recognized expert in this field, presenting at multiple industry conferences to share her passion, methods, and insight with others to improve the learner experience. Personally, Lisa had a wide range of interests and hobbies. She was always looking for something new to learn and explore. Her creativity and ability to innovate was inspiring. Lisa project managed her life, taking advantage of every day with a plan of "what are we going to do today". She was taken from this world too soon and will be missed dearly by her husband, friends, and family. We love you Lisa and wish we could hear you say "love you back".

A Memorial Service will be held on Wednesday, February 11, 2026, at 1:30 p.m. at the Church of the Resurrection in Leawood. A livestream of service will be viewable <http://cor.org/memorialsonline>

“ Lisa was one of the coolest, funnest people I ever met. I had thought the last time I saw her was at one of her New Year's parties but I think she also came to my baby shower that Ann Martin threw for me in 2018, she got me a very generous gift and I thought of her every time I used that umbrella stroller for the next three years. I first met Lisa in 1999/2000 at Ann's bachelorette party in Chicago, and she was such a blast. I'm so sorry to hear of her illness and passing. She'll be greatly missed.

“ Lisa and Luke is our neighbors. When Galina and I bought house, Lisa was there offering her help. She was so gracious to work with us and give a special Sputnik light to fit our house. Lisa, that light will glow every day and remind us about you. Lisa, you will be missed.

“ Lisa was a gorgeous, larger than life and precious soul who could bring light into a room. It's hard to imagine that she left so soon, but not without impacting so many lives in a positive way. Her life will leave a lasting impact on many. She is now with the angels in heaven. Please celebrate with my daughter Tracy in heavenly places. There must be a part in heaven.

“ I was so brokenhearted to hear this news, as Lisa had such an impact on me during our time together at Citi. (Over 7 years!) My heart goes out to Luke and all of Lisa's family, during this tough time.  
Lisa was always such a great co-worker, and she had such a brilliant mind! She always challenged the status-quo, and made us really think about how and why we were doing things a certain way. I'll always treasure the time we had on a team together, and she will be missed.

“ *Lisa had a way of making others feel special, which is what I'll remember even more than the observations of an office neighbor. When we say brilliant, we also mean radiant. I miss you!*

“ I am broken hearted. We shared many years working and socializing together. I had trouble keeping up with her brilliant mind. Definitely smarter than Google. My deepest condolences to Luke, Claudine, and others who were close to her and helped her through her illness. She won't be forgotten.

“ Lisa has such a passion for learning and helping others learn. I had the pleasure of working with her the last couple of years at Citi. She was a great mentor and friend. Lisa imparted so much wisdom and encouraged curiosity. I will cherish our many conversations of not only creating impactful learning experiences, but of family, her greyhounds, bees, monarchs, the eagle nest watch, architecture, and stories of her youth. I will forever hear Lisa exclaim M.W. every time I think of her.

*Sending peace and love. May all those that knew Lisa find comfort in the wonderful memories.*
