“ *You were one in a billion and I was so thankful to have met you. You were the best big brother any one could ask for. You told me not to worry when I was home alone and you would watch out for me. I'll never forget the day I thought someone broke in and you came so quick with your sword. I'm going to miss all our shenanigans and conversations. You always gave the best advice. I'm going to miss hearing you play with your light saber. I'm going to miss hearing you snore as loud as you laugh. I'm just really going to miss you. There's going to be a big hole and emptiness that you occupied. Love you and miss you so much. If you laugh downstairs, which was a lot, it was so contagious and I would instantly smile and laugh. Thanks for always making me smile. You were the best.*

“ I played Final Fantasy XIV with Matt for the past few years. Even though I only knew him through a game I know he was a great person and I will miss him dearly. I am so sorry to his family and friends for his loss.

“ Gonna miss you buddy. No matter how hard you sometimes tried to hide it, we all saw how big your heart truly was. I'll miss my bribes and daily joking along with that incredibly voluminous laugh.
