“ Michael Levi my memories of you are fond memories. I remember when you and the family were living with us after you came back from Mexico. The one I remember most is when you and your brother always play fought and my dad would make you both sit on the couch beside each other with your hands on your knees. Boy that was hard for such young boys. You both kept moving your hands. I did not see you turn into a young man but I did make sure and friend you as well as all my other relatives on Facebook. Take care up there. Tell my dad hello as well as all the other family up there. Hugs and kisses to you and everyone up there. This is not goodbye just a see you later.

“ May the road rise to meet you,
May the wind be always at your back,
May the sun shine warm upon your face,
May the rains fall soft upon your fields,
And, until we meet again,
May God hold you in the hollow of His hand

“ Michael Levi, I always think of you when I make chocolate chip cookies, and now, it will be a treasured memory. And now... Did you dance for Jesus, or in awe of him be still, did you stand in his presence or to your knees did you fall, did you sing hallelujah or was you able to speak at all...I can still hear you singing that song! We miss you but I know you are in good hands.

“ *When Michael and I first got together he swore he was not going to get married again. Our first Christmas I told his family that I was going to give it a try and ask him. That night we were all at the house and he said, "check your Facebook." He beat me to the punch. I surprised him by dragging him to the courthouse on my birthday and married him. It was the best birthday ever, I married my best friend and love of my life. I will forever miss, love and cherish you.*
