“ *I have known Monte since he started his business. I am a registered nurse and used to work in home care. Monte helped me by spraying my home care patients homes on a discount rate. He has been keeping my home and my family's homes pest free for years. Monte was one of the nicest guys I think I have ever met. When he would come by and spray the house, we would have a nice visit. We talked about so many things, but one thing came thru every conversation, how much he loved his family! He will be sorely missed!*

“ Some of the fondest memories I have are when we were all in Florida together when Mattie and Adam were just babies. We shared a house and some how managed to keep everyone fed. Monte and Mary would take their turns holding Mattie so I could have a break because she was colicky and cried almost nonstop day and night. He was giving even as a young man. Time and life in general separated us physically but Cousins are forever. Love and hugs to the family.

“ I can say from the first day I met Monte back in 1973 during the first football practice for J C Harmon through our graduation he was full of life. That carried on when he coached little league baseball he will be missed. God needed another comedian in heaven and he got a new one. My thoughts are with his family at this time. Rest in peace my friend.
