“ I will miss you every single day of the rest of my life here on earth until the day I get to hug you again. Every hour of the day I am blessed with a new memory of us together. They bring tears and smiles because every time with you was the best times of my life. Thank you for being everything you knew was to me and for the love you gave me. You was and will always be more than my aunt. To my cousin Tammy who is more of a sister my heart, love and hugs go out to you and Chrissy and Jason. May our family and extended families be comforted throughout this.... To know Opal was to know love.
