“ *Pauline was such a warm, beautiful person that had such an amazing gift of compassion well, for just everyone she met. I will miss her out of the blue phone calls and the special connection we had...most of all her unconditional love. What a special lady. My heart is with you all*

“ *Don't think of her as gone away-her journey's just begun, life holds so many facets- this earth is only one. Just think of her as resting from the sorrows and the tears in a place of warmth and comfort where there are no days or years. Think how she must be wishing that we could know today how nothing but our sadness can really pass away. And think of her as living in the hearts of those she touched...for nothing loved is ever lost- and she was loved so much*

My sister was a caregiver, she cared for all ,and gave her all. Though there were sacrafices in her giving, she never complained and was happy to do it. She was a light and a crutch to her family and friends. If life is a penance, she passed the test. Though we mourn for our loss, we are happy knowing she is in GOD's hands. Brother Ike
