“ It was very sad to see that Quincy had passed. I met him around 1989 in Mrs. Brennan's class at Lowther North. I always remember him as being very laid back, nice kid, who always liked to crack some jokes. Didn't see much of him after that school year because we ended up with different teachers and then he moved. I send my condolences to his family and friends; he will definitely be missed.

I knew Quincy when he was a baby. I even changed his diapers. Quincy came by his culinary skills naturally. Ada his biological dad was a great cook and fed my family many times we used to live right next door to each other. I'm so glad that Quincy ended up living with with a family who loved and encouraged Quincy in all the things he was talented and skilled in. Ada was much like that too a jack of all trades. Quincy always did seem like a good kid so I am not surprised that he became a very caring adult. Thank you to his adopted family it means so much to me that you adopted him and loved him because I cared and loved the kids a lot myself but I wasn't in a place I could help them. You definitely have my heartfelt gratitude. I hope as time passes you will find comfort and peace in the sweet memories that you have of Quincy. Hugs from me to your whole family.
