“ Renee has been such an important part of my life and the world is just not the same without her in it. I love that she was fun loving and had a laugh that makes me feel good just remembering the sound of it. Her intelligence and knowledge about many different things made her so interesting to talk to...we could carry on for hours! She was passionate and down to earth and sensitive and kind. I couldn't have asked for a better friend. Sending love and prayers to all the family. I wish I could be at her memorial, but hope to visit the family later and share more beautiful memories.
