“ *Marlene and family,*

I just heard of Dick's passing. Losing someone you love is so hard. You and your family are in my thoughts and prayers. Dick was a classmate at Hayden High School and I remember him so well. We were probably in chemistry, physic and math classes together and I remember him coming into class with books tucked under his arms, a goofy smile on his face, and his beautiful carrot top hair. He was so much fun to have as a classmate. As I read his obituary I see how much good he did after high school and what a wonderful family he had. Good job my friend and may you rest in peace.

“ I have such great memories of Dick while working at Bethany, he was always wearing that long white lab coat. He made CPR-FUN, always made us laugh and put a smile on our faces. Remembering the good old Bethany days !!! Vickie Taulbert

“ Greg Kenton and I ran into Dick at several of his volunteer locations around the city. One time he was at Municipal Auditorium ushering, Starlight Theater ushering and the T-Bones stadium. He was always so friendly and had some very interesting stories to tell. We also interacted with Dick and Marlene in various social settings. Marlene and I were sorority sisters at KU, as well as Ward High School graduates of 1967, so we saw each other occasionally through the years. It was so sad that Dick had to go through all of his medical problems. He is gone too soon. RIP, Dick. Here's to you. Prayers and condolences to the family.

I have just learned of Dick's passing. I went to Hayden High with Dick and kept in touch off and on later. I once was his campaign manager for a class office and we enjoyed good times in activities outside of school. Dick also knew my family and occasionally visited our home. He was always fun loving and upbeat and I enjoyed his company. My wife Sharon and I send belated condolences to Marlene and family and wish you peace and comfort and pray that Dick will rest in peace.
