“ I've known Rocky for 30 years, when he came back to Kansas city area as he was at my home he would always poke his head into my room, smile and say hello and ask if I was ok. Always making sure everything was OK in my world. He was 38 and I have twins whom are 38 as well. Our whole family is missing the heck out of you. But you're not getting past nothing on me Rocky as I know your watching over each and everyone of us. I hate Goodbyes so it's gonna be see you soon, love and miss you

“ I met Rocky three years ago when he was introduced to me while helping a mutual friend repair his car. He always had a smile for me, and treated this old lady with warmth and respect. I loved feeding that man. I was shocked and saddened to lose a friend like him so young. He kept his word to me and he never let me down. I believe he is resting eternally and checking out heavens nooks and crannies...I hope they had a toolbox with his name on it, and a really good buffet of all his favorites. He will be remembered as one of my favorite people and memories! Rest In Peace my friend, and I'll see you on the other side. MaryBeth

“ Rocky was a major part of my past. That part of my life has long been over but I'll never forget the epic times we had. He has always had, and always will have a place in my heart. He and I took turns over the years to check in with each other, just to say hi and to briefly catch up. His passing is heartbreaking. My thoughts go out to his son, and his family. He was a great guy, and will be missed.

Rocky was a part of our lives, my first husband and our kids. He got back to Kansas city and was here 3 or 4 times. I sure miss and love him and Sherry, Ashley and Charlie. I've seen all 3 of them. Sherry, Big Big Hugs. Still have no car but I imagine I'll get to wherever I need to be when his Funeral is here. Hate uniting at funerals as yes we shall call it a celebration of life. Just know Rocky we will all be joining you soon. And know that Mathew, Manda and misty will love you throughout eternity.

“ *Probably my favorite memory ever. We all went to the marble factory and then we went to Dairy Queen for lunch n then another day we went to Dave and busters and played almost all the games. Biggest heart I've ever known* ❤️
