“ *I sure am grateful to have lived two doors up from you Ruby and Charles. You saved me during all the weather disasters and plus your lawnmower was the only one that worked in the neighborhood and which I always brought back clean. I will always miss checking your shades on your front windows that you pulled up every morning and waiting all winter for the garden tomatoes from Charles' garden. I am grateful that I do have somewhere new to live but it never will be the same. I did try Colorado with my relatives there on Rebbecca of Sunny Brook Farm estate in Lakewood but it was too much to say the least.*

“ Mom, I always wanted to spend more time with you after I got married and when Dad got sick I got to do just that. I got to have special time with him and then God let me spend extra time with you. I love that we got to do so many things and that you got to enjoy all the grandkids here in Florida. Mom everywhere we went you heard people say how beautiful your smile was even when you were not feeling good sometimes. I love you and miss you so much. Now that it is Christmas I remember the time you went with us to pick out the tree in your wheel chair and Caleb sat on your lap. I wish you were still here. I love you so much and miss you. Love, Linda

“ Forevermore, I'll always love and miss you, Grandma. Give Dad a hug for me, in Heaven where you have him again next to you. Know that I'll ALWAYS feel you with me, and I hope I can be strong enough for Aunt Linda, Aunt Judy and all my other beloved family members, in order to give them the support also that they give me through this. We haven't lost ya'... we just now get to keep you secretly at our sides always, but ya' just can't slip us a couple bucks everytime to buy toys from you without our parents knowledge anymore (LOL). I always just wanted you anyway. I love you, Grandma... and all my Family better know and remember how much I love them too... XO
Jim (Big Jimmy, as everybody knows me in the family)
