“ I will remember Sharon as my beloved "assistant administrator". She shared wisdom and perspective and always made sure I followed her orders. After we both moved on from a previous community, she continued to reach out and extend her friendship. You will always have a special place in my heart boss lady! With love and admiration, Amy.

“ *Sharon, you was cared for by so many. It's too soon. It's way too soon. So many of us are in shock. So many lives you have touched. You left a great big mark on my heart and you will be greatly missed. I promise you I will never forget you. I promise to be like you when I get old. I will give everyone heck. I told you I would. You touched my soul. You cared others. You always asked me how I was feeling and if I was going to the doctor. You made me laugh when I wanted to cry. I don't even think you knew how much you were loved by everyone and Delmar will not be the same. Rest in holy peace. May you be with the angels forever. And please please continue to watch over me. Hopefully we will meet again. It was a pleasure being your caregiver. My sincerest condolences for your family.*

*Fly high special lady. I love you.*

“ *I met Sharon at Delmar, and I was one of her aides. She always made me smile with her stories. She was always happy to know that I was continuing my education and always asked about me and my family. She had a big and kind heart. I will miss her when I go to work.*
