“ Momma there were so many memories I find it impossible to pick just one. I miss you so much my soul aches. I know you wouldn't want us to be sad so I try to think of a happy memory when those emotions sneak up on me. You are finally free of that dang tummy trouble and any other bad things, now you get to be with your family and keep an eye on all of us at the same time. All of us kids are sticking together and helping each other through this, imagine that all six of us and not a bicker in the bunch! I know that puts a smile on that beautiful face of yours. Be at peace Mom and I will ride on your wing when I need you. Like the song we talked about just the other day says I will still "Call on Momma when all else fails". I just won't need the phone anymore. I won't say goodbye, just goodbye for now. Your love as a Mother is something so special and vast that it will never be gone. I will have you in my heart forever and in my thoughts always. I love you Mom. Your funny kid, JUDGE !

“ Sharon, in my life I am so grateful to have known you. Over the past several years we have become good friends and that is a very rare thing today. I loved you, Bill, and Bella and seeing you was always the best part of my day. I loved taking all of the goodies you would make for me over to my families holiday parties and I would tell everyone about you and how good you were to always make a beautiful dessert for me. I have the valentines you gave me on my shelf right now and looking at it reminds me of you..Your beautiful loving heart, so caring and always thoughtful. I miss you terribly, but I know that you are not gone forever, just gone from here and I will see you again someday soon. I love you Sharon and until that day I will keep you in my heart and carry your memories with me.
