“ *Terri always had a big smile and would give me a hard time. Always laughing at my escapades. When I worked at the state I would find her jogging around the park there by her house. She was one of a kind.*

“ Terri was truly one of the brightest stars and most loving angels this world could have held. I can still remember seeing her smile every time I walked into the office at AEP and feeling the warmth from her. Terri you always made each person you came across, feel like they were special. I will always miss you and I will never forget you!! RIP Terri

“ I was not at Horizons long, but long enough to know exactly who she was. She was always the first one you would see, the one with the biggest and brightest smile. She always knew how to make every student either laugh or smile after they had been sent up to the office. I remember being written up and the first person to even get a grin out of me would be Terri. You will be greatly missed and never forgotten. My prayers go out to Bruce and the family of this amazing woman.

“ Bruce and family, what a lady Terri was. I can still see her in my mind laughing behind her desk at Horizon at who-knows-what. She had a great laugh and quick giggle. Terri and I go way, way back...we shared classes in high school, the break room at Montgomery Ward, and much later, we joined up again at Horizon. I have thought about her and you every day for weeks and will continue to do so in the weeks to come. A bright light has gone out in the material world, but she shines on in our memories.

“ Terri,
I am so proud to be your "little" brother. I will always cherish the time we spent together, and the selfish side of me wanting more. You kept fighting until the very end and in my eyes you won the fight. I could only wish to be half as tough as you were. Whether you ever realized it or not you touched so many lives in a positive way, and for this the world is a much better place. I know you are smiling, looking down and keeping us all safe. Sis, keep on flashing that beautiful smile and always know I am deeply missing you and Love You so very very much.

Always loving you, your "little" brother Steve

“ Terri you truly are one of the faces of Horizons. Since I was there you were always on top of things and making sure I was in class. We never had any problems at all and you always had a smile on your face when I came to school. I am heartbroken that this happened to you and I will pay my respects. I miss you so much and I don't know how Horizons can go on without you. You will be forever miss and forever the best secretary Horizons has even been blessed with. Much love. To Bruce and your lovely family my heart and prayers go to you.

“ Dear Family,
The Horizon's staff have walked around like a ton of bricks have hit each and everyone of us. We all will miss Terri so much. She was the first person you usually saw when you entered the building and her prescence was such a huge part of this building. Life certainly isn't fair and my only hope is that one day in the near future when you think of her you will have a smile on your face. My thoughts and prayers are with each and everyone of you. I am so very sorry,

“ I talked to Terri every morning when I'd come in to school because I started later. She had a great sense of humor and even years after I graduated she recognized my name and who I was when I need something. She was a wonderful person and will be missed. Sending hugs to her family.

“ For the little time i have been at Horizons, Terri became one of my favorite people. Walking in the doors in the morning to her big smile. Terri always seemed to have something wrong with her rather it was getting stung by a ton of bee's or just her throat was sore, regardless she kept that smile on her face. She was a very strong individual. I am going to miss her very much as well as all of the staff and students here at Horizons.

To Bruce an Neumer family - my heart & prayers go out to all of you.

“ I had the pleasure of working with Terri at Montgomery Ward many years ago. She always did have a smile on her face, and a soft spoken chuckle that always brightened my day. I pray for her family to rest in knowing God has welcomed her with open arms.

“ To Bruce and the Neumer family...
I have worked with Terri for the past 3 1/2 years. I was always amazed at how well she got along with everyone. The students and staff loved her dearly. She had a way of being firm with us, but at the same time, being our friend. She had to teach me so much my first couple of years, and was so patient with me. She let me know when I made a mistake, but always helped me fix it. I will try to hold up her standard of excellence. I miss her so much. I pray for comfort for all of you.

“ I have attended Horizons for four years now, and i knew Mrs. Terri pretty well. From discipline slips to tardies, she was always the one to go to. She was an amazing person, someone that could understand things that you couldn't even quite get yourself. If Terri knew one thing around here it was that she was greatly appreciated by students and staff. If you were down and out and needed a good smile, Terri would be the one to talk to. It might not be what you wanted to hear, but she would definitely give you her opinion. To Bruce and the Neumer Family you are in my thoughts and prayers.
