“ I've only conversed w/ Vicky for just the past few months. She would wait for me near the elevator if we happened to arrive at work at the same time. I will truly miss our conversations. She truly loved the grandbaby!! I cant believe she is gone but she is in a better place now where she can look down upon her family and watch over them everyday. I still imagine her waiting for me in the parking garage everyday. I will miss her dearly. Kelela
